

## The Supernatural Power Of Prayer

We, as humans are small little creatures on this planet wired by God from the very moment we are born to reach out for His help and guidance when we don't know the answers to life. We are wired to desire communion with Him. That's where the **"super natural power of prayer"** comes in. No one knows exactly how this extraordinary power that prayer changes things, how it works, but it does. Sometimes it does it in miraculous ways. Without a doubt, when prayers are lifted up to heaven, they cause miracles to happen all over the world.

Prayer is like a conversation. We speak to God, our Father straight from our hearts and then listen as He speaks to us. One of the best ways to hear His answers back to us is through His word. The important thing to learn is that God answers our prayers according to what His word says.

Jesus was begotten, which means He was not made. He has always been with God and in God forever. He is the second part of the holy trinity. We know Him because we respect Him and follow His commands. Jesus is the most important person in our lives. We try to remember to put Him first and because we have, doors have opened that for years were shut. Look how He as opening this door for us so we can talk to you right now!

Everything about God and Jesus is positive. He loves us right where we are. No matter what we've done, because He loves us with His unconditional love. He is the Alpha and the Omega. The beginning and the end. Emmanuel, God with us.

Many times Wayne and I share with each other how God has given us answers either in a dream, a vision or when we are reading the word. Often times we have seen how these things have come to manifest in our lives. We want to encourage you to know that God is not a respecter of persons. In other words, He doesn't love anyone more than He does another. He loves us all whether we have known Him a long time or if we have just met Him.

No matter how long we've known Him, every day is a brand new beginning of an inward journey full of unconditional love, acceptance, wisdom, guidance and direction that can only come from the Living God and His Son Jesus.....

If you haven't asked Jesus to come into your heart, do you want to know His love and acceptance right now? He is so willing to give it to you. All you need to do is pray this prayer with me right now. Just repeat after me...

Dear heavenly Father,

I want to know your unconditional love. I want to learn from your word and for you to guide me away from this world to know all about you. Please forgive me of my sins and make me a brand new person. I accept you in my heart right now this very moment and I give my life to you. In Jesus name I pray, Amen.

My friend, this is the most important step you have ever made. May your life be exceedingly blessed from this day forward. You are a Christian. Praise God! Stay with us and we will help you stay close to Jesus.

God Bless Your Day  
Jesus Loves You
